ENVIRONMENTAL POLICY

Planet Environmental Ltd is fully aware of the impact any industrial process can have on the environment and view their involvement in the waste management industry as an opportunity to be proactive in Environmental matters whenever and wherever possible.

We believe therefore, that we have a commitment to:

1. Maintain the highest environmental standards of treatment, ensuring full compliance with existing legislation and to ensure that all employees are trained to the highest standards and kept abreast of new developments and changes in legislation.
2. Maintain a high standard of environmental awareness and compliance throughout the company and wherever possible, recycle materials used within our own company network
3. Evaluate all material in accordance with our procedures and develop recycling and recovery alternatives where practicable.
4. Source new techniques and processes to reach even higher standards of treatment and efficiency.
5. Provide a service that will enable our customers to fulfill their Duty of Care and legal obligations under environmental legislation.
6. Provide information and guidance on environmental issues to our customers on an ongoing basis.
7. Listen to and act upon the demands of customers to give the best practicable environmental option.
8. Engage the co-operation of our employees and suppliers through the consultation and promotion of this policy.
9. Make the policy available to the public, customers and suppliers.
10. Ask our contractors and suppliers to adhere to the same environmental standards that we do.

This policy will be continually reviewed and revised to ensure that our environmental objectives are achieved.
